ARRIVAL DAY (LONG DISTANCE TRAVELLERS): 3th June 2022

DEPARTURE DAY (foreign participants): 8th June afternoon or 9th June 2022

Objectives and main contents

General objective: to help fill the lack of theoretical knowledge and technical skills of advocacy professionals and antiracist activists of civil society necessary to promote sound, coherent and influential policy advocacy actions by public decision-makers.

Specific objectives:

- To share some strategic approaches to improve advocacy initiatives
- To share the operational steps and technical tools to build strong, effective, and sustainable Policy Advocacy initiatives.

Expected training results:

Participants should better their knowledge and technical skills on advocacy and policy advocacy. They should know:

- what advocacy is
- the main useful sources to be used to support a robust context analysis
- the main steps of the advocacy cycle
- some examples of policy advocacy promoted by migrants and antiracist movements/organizations.

Direct beneficiaries of the pilot training in Rome: 25 antiracist activists and CSO's professionals of partner organizations.

Methodology

Non-formal education to facilitate the active participation and interaction of/between participants.

Language

The training will be held in English in order to enable all four countries' participants to take active part in the sessions.
